History

Ancient Greece

Children will study different aspects of Ancient Greek life, their collective and individual achievements, and their influence on the western world.

Children will learn where democracy was born, how Ancient Greece was actually made up of separate city-states who didn't get on, and how they Ancient Greeks contributed to our modern-day society.

Science

Light

In this unit, pupils will learn about how light enables people to see. How materials can be opaque, transparent or translucent and how blocking light creates shadows.

R.E.

How do people make the world a better place?
