

Pupil premium strategy statement – Croxton Kerrial CE Primary School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	41
Proportion (%) of pupil premium eligible pupils	32% (13 children)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended – you must still publish an updated statement each academic year)	2024-25
Date this statement was published	December 2024
Date on which it will be reviewed	July 2025
Statement authorised by	Amanda Scott
Pupil premium lead	Amanda Scott
Governor / Trustee lead	Dave Ellison-Lee (as delegated by Board of Directors)

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£20720
Pupil premium funding carried forward from previous years (<i>enter £0 if not applicable</i>)	£0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£20720

Part A: Pupil premium strategy plan

Statement of intent

At Croxton Kerrial CE Primary School, we are committed to providing learning that is purposeful, meaningful and ambitious for every individual pupil. Through a broad and balanced curriculum, we set high expectations and encourage aspirations in all pupils. This includes pupils who belong to vulnerable groups including those who may be socially disadvantaged. We believe that the appropriate provision enables all pupils to succeed irrespective of their background. We are determined to ensure that our pupils are given every opportunity to realise their potential, make good progress and achieve high attainment in all areas.

We will consider the challenges faced by vulnerable pupils, such as those who are 'looked after', have a social worker and who are service children. This statement shows how Pupil Premium, which is additional to main school funding, will be used to address any current inequalities between children eligible for free school meals (FSM) and their non-disadvantaged peers by ensuring that funding supports their needs.

Our aim is that the attainment of Pupil Premium children is level with non-Pupil Premium attainment.

The funding is used in three areas:

1. Improving the quality of teaching eg professional development.
2. Targeted academic support eg individual/paired/small group tuition.
3. Wider strategies eg extra- curricular activities.

Key Principles

Principles: Teacher development, enhancing quality of teaching, developing teacher subject knowledge,

Achieving: Centralised teacher CPD, Instructional coaching, development of curriculum resources, additional tutoring, personal development opportunities.

By following these key principles, we believe that we can maximise the impact of our Pupil Premium spending:

We recognise that a key factor in achieving high standards of pupil attainment is through teacher development and high-quality teaching and learning. Through delivery of a programme of strong, sustained CPD, focused on evidence-led teaching

approaches there will be an improved quality of teaching. Instructional coaching will further contribute to teacher development. We will also concentrate our spending on developing teacher pedagogical knowledge. Combined these will have a high impact on pupil outcomes. This will have an impact on closing the disadvantage attainment gap while at the same time will benefit the non- disadvantaged pupils in our school.

We will ensure that the needs of socially disadvantaged pupils are adequately assessed and supported as appropriate. We will monitor the children’s attainment and progress, as well as their emotional and social well-being in order to measure impact of the Pupil Premium. Pupils will have opportunities to broaden their experiences, talk and socialise in a wider group to improve life skills and wellbeing. Spending will ensure that no pupil misses out of such important aspects of education, that learning is enriched, and their self-confidence grows.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Limited vocabulary to be able to access the academically rigorous curriculum
2	Gaps in learning historically.
3	Variability in the effectiveness of teaching over time
4	Historical lack of achievement in writing, reading and maths
5	A number of disadvantaged children have recognised SEND needs.
6	A number of pupil premium children have higher issues with SEMH and well being
7	Persistent absence and low school attendance of some children.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Consistently strong teaching and learning practice, where evidence-led strategies are employed within lesson delivery	Teachers have strong pedagogical knowledge Teachers make well informed pedagogical choices

	Pupils remember more over time
Raise disadvantaged attainment in all key metrics at each statutory assessment point	Disadvantaged pupils attain at the same level as non-disadvantaged pupils in each statutory assessment point.
Raise disadvantaged engagement and attainment in reading, writing and maths	Disadvantaged pupils attain at the same level as non-disadvantaged pupils in reading, writing and maths.
SEND needs in disadvantaged pupils are identified early. Pupils receive consistently strong and appropriate teaching and learning practice.	Staff have strong pedagogical knowledge around SEND support. Disadvantaged/SEND pupils remember more over time.
SEMH needs are identified early. Consistently strong support is in place to sustain pupil well-being.	Staff have strong pedagogical knowledge around SEMH support. Pupils access SEMH support. Disadvantaged pupils improve their management of SEMH enabling them to raise attainment.
Pupils attend school consistently.	Attendance figures improve for all disadvantaged pupils. Disadvantaged pupils' attainment improves as there are fewer gaps in learning.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 7,666

Activity	Evidence that supports this approach	Challenge number(s) addressed
Devise, develop & deliver a programme of strong, sustained CPD, focused on evidence-	Evidence shows that quality of teaching has a high impact on pupil outcomes. Using approaches that have been shown to have impact in the classroom will enhance the impact of teaching and learning. Following EEF guidance on the delivery of effective CPD allows teachers to be shown strategies, and also	1,2,3,4

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £12,244

Activity	Evidence that supports this approach	Challenge number(s) addressed
Purchase of standardised diagnostic assessments. Training for staff to ensure assessments are interpreted and administered correctly.	Standardised tests can provide reliable insights into the specific strengths and weaknesses of each pupil to help ensure they receive the correct additional support through interventions or teacher instruction: Standardised tests Assessing and Monitoring Pupil Progress Education Endowment Foundation EEF	2,3,4

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost £810

Activity	Evidence that supports this approach	Challenge number(s) addressed
Embedding principles of good practice set out in the DfE's Improving School Attendance advice. Employing trust attendance officer.	Rigorous tracking of attendance and a consistent approach shows that attendance improves. Supporting attendance EEF	6,7

Support staff – small group intervention	Teaching Assistant Interventions EEF Making Best Use of Teaching Assistants EEF	2,4,5,6
Intervention programmes (Nessy, TT Rockstars)	We have identified a need to set a small amount of funding aside to support children’s learning through intervention programmes.	1,2,3,4

Total budgeted cost: £ £20,720

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

The school assessed children using standardised assessments in Reading (KS1/KS2 SAT's, PIRA), Maths (KS1/KS2 SAT'S, White Rose & PUMA assessments) Grammar (KS1/KS2 SAT's, GAPS) and Phonics (Yr1/2 phonics screener). Pupil Premium children working at or above Age-Related Expectations – July 2024 KS2 Reading – 0% Writing – 0% Maths – 0%(1 child) National reading 74%, writing 72% and maths 73% Phonics – 100% National disadvantaged figure 68% GLD – 100% National figure 67.7%

Providing small group and 1 to 1 work with experienced LSA's focused on overcoming gaps in learning. The major focus of our work, through the pupil premium, is aimed at improving pupil progress, enabling children to meet at least age-related expectations in English and maths. Paired or group tuition/intervention supported children with specific identified needs; without which may have put them at risk of underachievement.

All children have made small steps progress. Those that are not working at the expected standard for their year group have made progress and are closing the gap. All children were supported through intervention, specific programmes and school-based tutoring.

All children had access to the development of good oracy skills to help them in every subject that they learn in school. This enabled them to express their thoughts and opinions about what they're learning and to interact with others thoughtfully and productively.

Children have explicit and robust instruction in vocabulary, to support their verbal and written communication. The explicit teaching of vocabulary allows children to access academic language and discourse and facilitates their comprehension of increasingly complex texts.

School visits and activities asking for voluntary financial contributions from parents. This includes trips such as residential and activities like swimming. Pupil premium funding was used to support children.

Children's learning was enriched and their self-confidence continued to grow. No child missed out of such important aspects of education.

Help is given with the cost of having milk at school. Nutrition was supported and the health of children generally very good.

Financial support for extracurricular activities, including those offered by other clubs or providers outside of school. This has included, for example, Penguins CReW Club

(afterschool club provision) This support enables children to participate in clubs/activities for curriculum enrichment.

Attendance at the after-school club is good. Children participated in musical performances and as team members in sports events and tournaments. Confidence levels were high.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
Nessy	Nessy Learning Ltd
TT Rockstars	Maths Circle
